

# What is Hartbeeps??

Hartbeeps is a magical class for you and your little one to explore together  we take everyone on a 45 minute sound journey using a variety of props, dress up, role play and friendly puppet characters.

The best thing (in my opinion) about our class is that no matter what you have going on in the outside world, you get to switch off and spend precious time playing and bonding with your little person.

Yes, our classes are fantastically fun 

Yes, we sing songs 

Yes, we love a boogie 

Yes, we dress up in silly outfits 

But it's important to know that amongst all the fun, the songs, the dancing and the outfits... each and every activity in our class has a purpose 

We love to watch our Hartbeepers learn and grow.
